MERN Stack Developer

present

PROJECTS

StackOver Flow Clone

Using React, I've have created front end of the stack over flow clone. By using React Router DOM we can switch to another pages.

Movie App

In this project I've used react Library to create a Front End of Various movie card. And also created CURD operation in my project.By using Mock api the admin can store data.

XO Game

In this project I've created a well known game of XO and added a npm Library of confetti to it.
